All times are Pacific Time

| March 16, 2010 |               |  |
|----------------|---------------|--|
| 1:04 am        | shonali:      | @MichaelWillett Hope you're going to join us at #measurePR tomorrow?   |
| 1:35 am        | shonali:      | @P_C_M Impressions are useless unless they're in context and tied to outcomes.<br>You should join #measurePR sometime. #tweenPR                          |
| 2:01 am        | shonali:      | Nice to see you tonight. If you're interested in measurement, we're doing<br>#measurePR tom'w 12-1 pm ET (remember Daylight Savings). #tweenPR           |
| 2:01 am        | NicolePRexec: | @shonali will be joining us for this convo of course! She runs #measurePR, a bi-weekly chat on the PR measurement! :) #TweenPR                           |
| 2:01 am        | NicolePRexec: | RT @shonali: Nice to see you tonight. If you're interested in measurement, we're doing #measurePR tom'w 12-1 pm ET (remember Daylight Savings). #tweenPR |
| 2:02 am        | balemar:      | I'll be there! RT @shonali: If you're interested in measurement, we're doing<br>#measurePR tom'w 12-1 pm ET  |
| 2:02 am        | P_C_M:        | RT @shonali: Nice 2 c you tonight. If you're interested in measurement, we're doing #measurePR tom'w 12-1 pm ET (Daylight Savings). #tweenPR             |
| 2:03 am        | TweenPRChat:  | RT @shonali: Nice to see you tonight. If you're interested in measurement, we're doing #measurePR tom'w 12-1 pm ET (remember Daylight Savings). #tweenPR |
| 2:04 am        | TweenPRChat:  | Got questions for next week's topic on Measurement & PR? E-mail us!<br>tweenprchat@yahoo.com @shonali of #measurepr joins! #TweenPR                      |
| 2:05 am        | BethHarte:    | PR FOLKS: #measurePR tomorrow at 12-1 pm ET with @Shonali  |
| 2:10 am        | julielandry:  | RT @BethHarte: PR FOLKS: #measurePR tomorrow at 12-1 pm ET with @Shonali   |
| 2:35 am        | Britopian:    | RT @BethHarte: PR FOLKS: #measurePR tomorrow at 12-1 pm ET with @Shonali   |
| 2:52 am        | TTaxChels:    | RT @BethHarte: PR FOLKS: #measurePR tomorrow at 12-1 pm ET with @Shonali<br>/via @Britopian - she rocks. Do it!  |
| 3:31 am        | bhaven:       | @shonali Have a good convo. on #measurePR tomorrow 12-1 ET. I realized that Twitter is blocked from where I work Tuesday morning Pacific.                |
| 3:40 am        | shonali:      | @balemar @P_C_M @marissamed @SuzieLin @NicolePRexec Thanks! Hope to see you #tweenPR folk at #measurePR tomorrow, 12-1 pm EDT. :)                        |
| 3:41 am        | shonali:      | @julielandry @Britopian @TTaxChels Thanks & hope to see you at #measurePR tomorrow 12-1 pm EDT. @bhaven that's a bummer. :(                              |
| 3:42 am        | SuzieLin:     | @shonali I'll be there and I'm looking forward to #measurePR chat tomorrow   |
| 12:50 pm       | alanchumley:  | Looking forward to #measurePR today at 12-1 pm EDT.  |
| 1:43 pm        | balemar:      | @shonali Looking forward to it! #measurePR   |
| 1:55 pm        | shonali:      | Good morning! Bit of a late start (on Twitter, not to the day). How're you doing?<br>Ready for #measurePR at 12 pm EDT today?                            |
| 1:56 pm        | shonali:      | @balemar @SuzieLin Looking forward to seeing you at #measurePR!  |
| 2:00 pm        | khirek:       | @shonali hello to you! I hope to be there for a bit #measurePR 12-1 today  |
| 2:16 pm        | KateErdy:     | Following #measurePR today at 12 pm EDT, thanks for the idea @reillybri!   |
| 2:27 pm        | ErinOrr:      | WOOT! So thereRT @KateErdy: Following #measurePR today at 12 pm EDT, thanks for the idea @reillybri!   |
| 3:36 pm        | akenn:        | <pre>@ErinHanley #measurePR starts in just a bit12 pm EDT today!</pre>   |

| 3:45 pm | SuzieLin:       | Excited to join today's chat! #measurepr   |
|---------|-----------------|--|
| 3:46 pm | NicolePRexec:   | Sad to miss it! Internal mtg at noon. RT @SuzieLin: Excited to join today's chat!<br>#measurepr  |
| 3:51 pm | ericabuteau:    | Don't forget #measurePR at 12 pm EDT today~  |
| 3:56 pm | JNoncek:        | Looking forward to it! RT @shonali: Just over 10 minutes left until #measurePR begins, who's joining today?                                  |
| 4:01 pm | shonali:        | It's time! Welcome (and welcome back) to #measurePR, your bi-weekly Twitterchat on all things PR (and SM) measurement related.               |
| 4:01 pm | shonali:        | Before we start chatting, please take a moment to introduce yourselves.<br>#measurePR  |
| 4:02 pm | balemar:        | Hello, everyone. I'm so excited to be a part of my first #measurePR  |
| 4:03 pm | theelusivefish: | Hi @shonali and all the other folks stepping in for today's #measurePR.  |
| 4:03 pm | shonali:        | Tweeps who join us from outside the US, note we (US) are on Daylight Savings Time now (+1 hr), do note for your chat calendar. :) #measurePR |
| 4:03 pm | CrissyLavery:   | Ditto! RT@balemar: Hello, everyone. I'm so excited to be a part of my first<br>#measurePR  |
| 4:03 pm | robinhlane:     | hi all! Excited for today's chat #measurepr  |
| 4:03 pm | shonali:        | @balemar @theelusivefish Welcome! #measurePR   |
| 4:04 pm | JNoncek:        | Hi all! Jen Noncek, Chicago PR gal. Excited to join #measurepr for the first time.<br>#measurepr   |
| 4:04 pm | shonali:        | I'm #soloPR pro w/14+ yrs, agency & inhouse exp. before I went solo.<br>Measurement fiend, hence the creation of #measurePR                  |
| 4:04 pm | KateErdy:       | Hi everyone #measurePR , my first time joining today.  |
| 4:05 pm | MadelineLaFave: | Likewise! - First time with #measurePR   |
| 4:05 pm | RebeccaDenison: | Hey y'all! Young PR pro works with SM monitoring/measurement. Will try to participate as much as work allows! :) #measurepr                  |
| 4:05 pm | SuzieLin:       | I'm Suzie, PR professional with over 4yrs of agency exp. and Wine Consultant #measurepr  |
| 4:05 pm | walkercomms:    | First time at #measurepr Looking forward to the discussion   |
| 4:06 pm | alanchumley:    | #measurePR Intro: measurement consultant from Toronto. Hi all.   |
| 4:06 pm | theelusivefish: | Everything you'd need to know about me can be found at http://disclz.me/RobClark or at http://ca.linkedin.com/in/theelusivefish #measurePR   |
| 4:07 pm | balemar:        | @SuzieLin @RebeccaDension Nice to meet you! #measurePR   |
| 4:07 pm | ErinOrr:        | Maiden voyage of #measurepr for me! Is @reillybri on the payroll? He has been pumping this up!   |
| 4:07 pm | SarahDawley:    | Going to be eavesdropping on the #measurePR convo this morning. Suggest you do the same, PR pros!  |
| 4:07 pm | RebeccaDenison: | @balemar Likewise! Happy to see more and more folks around these parts.<br>#measurepr  |
| 4:08 pm | balemar:        | Marketing coordinator with a combined 3 years of exp. with interests in ditigal marketing and social media #measurePR                        |
| 4:08 pm | DoctorJones:    | @alanchumley hi, alan. Nice to meet you. #measurePR  |
| 4:08 pm | rajean:         | Jumping in on my first #measurepr chat with @shonali - 'Seasoned' PR pro who thinks much younger :) representing Denver COLORado             |
| 4:08 pm | robinhlane:     | I'm here with @P_C_M! Combining resources;) #measurepr   |
| 4:09 pm | shonali:        | If you're new to #measurePR, here's how/when it started: http://ow.ly/1mWs5  |
| 4:09 pm | shonali:        | @aanzalone You bet, I've pulled transcripts for all the chats to date, will make sure to post at my blog. #measurePR                         |
|         |                 |  |

| 4:09 pm | Lex_D:          | Checking in from Orlando! AE with 3 years exp, social media nut #measurepr  |
|---------|-----------------|---|
|         |                 | •   |
| 4:09 pm | shonali:        | <pre>@Lex_D We'll feel your eyes on us. :) #measurePR</pre>   |
| 4:10 pm | balemar:        | RT @shonali: If you're new to #measurePR, here's how/when it started: http://ow.ly<br>/1mWs5  |
| 4:10 pm | rajean:         | RT @shonali: If you're new to #measurePR, here's how/when it started: http://ow.ly<br>/1mWs5  |
| 4:10 pm | rob_e_smith:    | Hi I'm from Rob. U of L grad and volunteering with @GreenBizNetwork here in DC. #measurepr  |
| 4:11 pm | robinhlane:     | RT @shonali: If you're new to #measurePR, here's how/when it started: http://ow.ly<br>/1mWs5  |
| 4:11 pm | akenn:          | RT @shonali: If youre new to #measurePR, heres how/when it started: http://ow.ly<br>/1mWs5 #measurepr   |
| 4:11 pm | RebeccaDenison: | RT @shonali: If youre new to #measurePR, heres how/when it started: http://ow.ly<br>/1mWs5  |
| 4:12 pm | SuzieLin:       | RT @shonali: If you're new to #measurePR, here's how/when it started: http://ow.ly<br>/1mWs5 #measurepr   |
| 4:12 pm | shonali:        | @rajean Great to see you at #measurePR!   |
| 4:12 pm | ericabuteau:    | RT @shonali: If you're new to #measurePR, here's how/when it started: http://ow.ly<br>/1mWs5  |
| 4:13 pm | shonali:        | Sorry, y'all, Tweetgrid's acting weird on me, so I'm switching back to Hootsuite. 2 secs & then Q1 will come at you. #measurePR                   |
| 4:13 pm | PRVille:        | Great #measurepr chat happening right now with @shonali and lots of smart PR folks. Come join us!   |
| 4:13 pm | CrissyLavery:   | RT @shonali: If you're new to #measurePR, here's how/when it started: http://ow.ly<br>/1mWs5  |
| 4:14 pm | ericabuteau:    | @shonali I'm Erica, Research Director for PR Measurement company, KDPaine. #measurePR   |
| 4:14 pm | robinhlane:     | @shonali having issues with hootsuite, had to switch to tweetdeck might be twitter #measurePR   |
| 4:14 pm | shonali:        | @SuzieLin @RebeccaDenison @akenn @robinhlane @rob_e_smith<br>@bonnieupright @rajean @DoctorJones Great to see you & so many others!<br>#measurePR |
| 4:14 pm | KateRobins:     | RT @shonali: Sorry, y'all, Tweetgrid's acting weird on US, switching back to Hootsuite. 2 secs & then Q1 will come at you. #measurePR             |
| 4:15 pm | shonali:        | I thought today we'd have a "community" chat. So, Q1: what is your most pressing problem (pick 1, I know it's tough) w.r.t. #measurePR?           |
| 4:16 pm | rajean:         | A proper intro might be to share LinkedIn, here's where you'll find me:<br>http://www.linkedin.com/in/rajean Happy to connect! #measurepr         |
| 4:16 pm | RebeccaDenison: | @shonali Most pressing? Probably trying to figure out how to tie SM to sale or other real value for clients. #measurepr                           |
| 4:17 pm | balemar:        | @shonali Q1: Biggest Problem - Figuring out WHAT to measure. #measurePR   |
| 4:17 pm | RebeccaDenison: | @ericabuteau Hey Erica! I used to intern with @kdpaine! :) Worked closely with Jeremy, nice to meet ya! #measurepr                                |
| 4:17 pm | alanchumley:    | #measurePR. #1 challenges. Education. ie. what measure can do. misocnceptions re: time and budget. calls for 'standards.'                         |
| 4:18 pm | KateRobins:     | ECHO RT @RebeccaDenison: @shonali Q1 Probably trying to figure out how to tie SM to sale or other real value for clients. #measurepr              |
| 4:19 pm | shonali:        | @ericabuteau Hey, LOVELY to see you here at #measurePR!   |
| 4:19 pm | SuzieLin:       | RT @alanchumley: #1 challenges. Education. ie. what measure can do. misocnceptions re: time and budget. calls for standards. #measurepr           |

| 4:19 pm | bonnieupright:  | Most pressing measurement issue is demonstrating value in SM convos. Not the # of followers/fans. #measurepr                               |
|---------|-----------------|--|
| 4:19 pm | alanchumley:    | @KateRobins #measurePRtry Tealium  |
| 4:19 pm | rajean:         | @JNoncek @shonali @KateRobins :) Most pressing problem? Yrs since I've done PR measurement. Best tips/sources now? #measurepr              |
| 4:19 pm | shonali:        | This is really important/good that you brought it up! RT @balemar: Q1: Biggest Problem - Figuring out WHAT to measure. #measurePR          |
| 4:20 pm | ericabuteau:    | @shonali Thanks! Happy to join. Miss chatting with you! It's #measurePR so where else would I be? ;-)                                      |
| 4:20 pm | robinhlane:     | @bonnieupright agreed!! #measurePR   |
| 4:20 pm | KateErdy:       | Agreed. RT @bonnieupright: Most pressing measurement issue is demonstrating value in SM convos. Not the # of followers/fans. #measurepr    |
| 4:20 pm | JNoncek:        | Q1 Identifying standard SM measurement tactics, how do we quantify engagement? #measurepr #measurepr                                       |
| 4:20 pm | shonali:        | Another prob many face: RT @RebeccaDenison: Re: Q1: Trying to figure out how to tie SM to sale or other real value for clients. #measurepr |
| 4:20 pm | theelusivefish: | Q1 have the data indicating value of SM convs. Now it's communicating it succinctly and clearly. Getting right visualization #measurePR    |
| 4:21 pm | KateRobins:     | @alanchumley Thanks. Also see I'm mispelling #measurePR and tweeting into<br>some black hole of #fasttypers #sloppyspellers                |
| 4:21 pm | alanchumley:    | #measurePR challenge: getting away from data for data sake. SM provides tonnes of dataknowing what to include and what not to              |
| 4:21 pm | pgladney:       | #measurePR, I think the most important thing to measure is ADVOCACY - this a<br>concept that clients already understand.                   |
| 4:21 pm | ericabuteau:    | @rajean Huge shift to social media. Don't measure just for the sake of measuring.<br>Make it meaningful! #measurePR                        |
| 4:22 pm | RebeccaDenison: | @alanchumley That's a really good point/way to put it. What metrics are actually worthwhile and which are just noise? #measurepr           |
| 4:22 pm | bonnieupright:  | Like this. RT @pgladney: #measurePR, the most important thing to measure is ADVOCACY - this a concept that clients already understand.     |
| 4:22 pm | alanchumley:    | #measurePR: great social media measurement book coming: @jimsterne New ship date for "Social Media Metrics": April 5.                      |
| 4:22 pm | ericabuteau:    | @shonali Measuring relationships, engagement has got to be a priority. Its Quality over Quantity now~ #measurePR                           |
| 4:23 pm | JNoncek:        | Yes! RT @ericabuteau: @rajean Huge shift to social media. Dont measure just for the sake of measuring. Make it meaningful! #measurepr      |
| 4:23 pm | alanchumley:    | #measurePR measuring conversationships is critical   |
| 4:23 pm | rajean:         | Gr8 point & g28 Q's so far in #measurePR @ericabuteau - look 4ward to answers & transcript. Yes, I've not measured since onslaught of SM   |
| 4:23 pm | shonali:        | RT @alanchumley: #measurePR #1 challenge: Education. ie what measure can do. misocnceptions re: time and budget. calls for 'standards.'    |
| 4:24 pm | theelusivefish: | Q1 fortunate we do it here, but for others I'd say UTILIZING the data. What good is<br>#measurePR if you don't use it to adjust strategy?  |
| 4:24 pm | KateRobins:     | @RebeccaDenison Seeing my biggest problem is just wanting answers. Like, now.<br>Ambiguity makes me really nervous. #measurepr             |
| 4:24 pm | SuzieLin:       | Exactly! RT @ericabuteau: @shonali Measuring relationships, engagement has got to be a priority. Its Quality over Quantity now~ #measurepr |
| 4:24 pm | walkercomms:    | RT @bonnieupright: Most pressing measurement issue is demonstrating value in SM convos and other comms.#measurePR                          |
| 4:24 pm | pgladney:       | #measurePR clients can place a monetary value on ADVOCATES, measure can be extended to SM, factoring in degree of infuence.                |
|         |                 |  |

| 4:25 pm | shonali:        | @rajean 1 thing that won't change is focusing on outcomes for #measurePR best practices. Too many focus on outputs. @JNoncek @KateRobins                   |
|---------|-----------------|--|
| 4:25 pm | rajean:         | RT @theelusivefish: Q1 fortunate we do it here, but for others I'd say UTILIZING the data. What good is #measurePR if you don't use it to adjust strategy? |
| 4:25 pm | balemar:        | RT @KateRobins: @RebeccaDenison biggest problem just wanting answers. Like, now. Ambiguity makes me really nervous. #measurepr #measurePR                  |
| 4:25 pm | robinhlane:     | @SuzieLin: @ericabuteau: Absolutely, people need to get over the number of followers and focus on Quality #measurepr                                       |
| 4:25 pm | alanchumley:    | <pre>#measurePR measure how much? how good? how inter-connected? how far how fast? with what effect?</pre>   |
| 4:26 pm | priteshpatel9:  | Any of the #measure community listening 2 the #measurepr chat? I think some of them could do with listening/engaging with the #measure group               |
| 4:26 pm | shonali:        | @pgladney Yes and no, if advocacy is important to your org, then measure it, if it isn't, what's the point, right? #measurePR                              |
| 4:26 pm | balemar:        | @theelusivefish True, once you have it - what do you do with it? #measurePR  |
| 4:26 pm | KateRobins:     | Value intelligible to customer. RT @walkercomms: RT @bonnieupright: Most pressing:demonstrating value in SM convos / other comms.#measurePR                |
| 4:26 pm | alanchumley:    | #measurePR measure the 7 C's: counting, content, connections, community, conversations, conversationships, commerce (where possible)                       |
| 4:27 pm | bonnieupright:  | @theelusivefish SM provides an opp to IMMEDIATELY shift strategies due to real-time issues. I could def do better job using data #measurepr                |
| 4:27 pm | RebeccaDenison: | @KateRobins I can agree with that! Getting answers fast is even more important<br>with SM. But just have to be sure to qualify. #measurepr                 |
| 4:27 pm | shonali:        | Interesting, many of the "most pressing prob" responses point to the same thing: knowing *what* to measure. #measurePr                                     |
| 4:27 pm | ericabuteau:    | @theelusivefish Way to go! Great point! "What good is #measurePR if you don't use it to adjust strategy?" The value is help w/decisions!                   |
| 4:27 pm | RebeccaDenison: | @KateRobins We can give clients answers today, but they may not be the answers that they want or as much as they want. #measurepr                          |
| 4:27 pm | shonali:        | So, re: knowing what to measure - you won't know that unless you have some research that indicates what moves the needle. #measurePR                       |
| 4:27 pm | balemar:        | RT @alanchumley: #measurePR 7 C's:counting, content, connections, community, conversations, conversationships, commerce                                    |
| 4:28 pm | robinhlane:     | RT @alanchumley: #measurePR the 7 C's: counting, content, connections, community, conversations, conversationships, commerce (if possible)                 |
| 4:28 pm | SuzieLin:       | @robinhlane @ericabuteau Yep, without quality you just have fluff #measurepr   |
| 4:28 pm | KateRobins:     | Important not to get so lost in measurements that custs can't see/feel effect on what they care about: sales, donations or stock.#measurePR                |
| 4:28 pm | shonali:        | You won't know what moves the needle unless you've identified your measurable objectives, outcomes - what you want to see happen. #measurePR               |
| 4:28 pm | RebeccaDenison: | RT @shonali Interesting, many of the "most pressing prob" responses point to the same thing: knowing *what* to measure. #measurepr                         |
| 4:28 pm | bonnieupright:  | RT @shonali: So, re: knowing what to measure - u won't know unless you have some research that indicates what moves the needle. #measurepr                 |
| 4:28 pm | balemar:        | @alanchumley Love your 7 C's! #measurePR   |
| 4:29 pm | pgladney:       | @shonali #measurePR, what brand does not want advocates - move people to<br>customers > loyalists > advocates is a universal business goal                 |
| 4:29 pm | KateRobins:     | @rebeccadenison Exactly. I worry about getting into weeds of jargon development.<br>Customers don't need to pick up tab for that. #measurepr               |
| 4:29 pm | shonali:        | The question to ask yourself when starting out to #measurePR is, "what am I going to do with this data? How will it help the business/org?"                |
|         |                 |  |

| 4:29 pm | JNoncek:        | RT @shonali Interesting, many of the "most pressing prob" responses point to the<br>same thing: knowing *what* to measure. #measurepr                                 |
|---------|-----------------|---|
| 4:29 pm | balemar:        | First Step: Research and Identify measurable objectives and outcomes<br>#measurePR  |
| 4:30 pm | theelusivefish: | @shonali knowing what to measure comes from knowing the goals #measurePR has to be involved in the strategy, can't just be chklist of kpi                             |
| 4:30 pm | walkercomms:    | Measure what's required by planned objectives; without direction, are we measuring for the sake of it? #measurePR   |
| 4:30 pm | rajean:         | Agreed @shonali focus on value/outcomes rather than outputs/followers/numbers #measurePR If one gr8 hit is valuable, client is happy                                  |
| 4:30 pm | debbieswider:   | RT @shonali: The question to ask when starting out 2 #measurePR, "what am I going to do with this data? How will it help the business/org?"                           |
| 4:31 pm | CommAMMO:       | Same w/any research RT @shonali: The ques 2 ask yourself starting out to<br>#measurePR is, "what am I going to do with this data?" #measurepr                         |
| 4:31 pm | alanchumley:    | #measurePR can't measure if you don;t have a benchmark to compare to. find one.<br>Set a measurable objective. measure again.   |
| 4:31 pm | christhomasuk:  | RT @priteshpatel9: Any of the #measure community listening 2 the #measurepr<br>chat? I think some of them could do with listening/engaging with the #measure<br>group |
| 4:31 pm | SuzieLin:       | Objectives have to be measurable when being laid out so you have direction<br>#measurepr  |
| 4:31 pm | shonali:        | I loved this post from @avinashkaushik on the "so what" test for web analytics.<br>Apply the same principles to #measurePR. http://ow.ly/1mXcw                        |
| 4:31 pm | khirek:         | RT @alanchumley: #measurePR 7 C's: counting, content, connections, community, conversations, conversationships, commerce (where possible)                             |
| 4:32 pm | CommAMMO:       | truth! RT @alanchumley: #measurePR cant measure if u don't hv benchmark to compare to. find 1. Set a meas objective. meas again. #measurepr                           |
| 4:33 pm | robinhlane:     | @shonali: #measurePR "How will it help the business/org?" Defining that baseline first and then setting objectives can be the struggle                                |
| 4:33 pm | ericabuteau:    | @alanchumley Right. But, if you can't find your own benchmark (at least 6mo's data), use your peers for comparison. #measurePR  |
| 4:33 pm | shonali:        | @theelusivefish Of course it does, but KPIs are critical. You won't know the KPIs if you're not involved in the strategy. #measurePR                                  |
| 4:33 pm | KateErdy:       | @alanchumley where/how does one find a benchmark to compare to for measuring? #measurePR  |
| 4:34 pm | CommAMMO:       | The ROPE method is more and more relevant (research, objective, plan, execute) #measurepr   |
| 4:34 pm | KateRobins:     | @bonnieupright I like that. Have you written more on that? Would be helpful salespoint. #measurepr  |
| 4:34 pm | SuzieLin:       | RT @CommAMMO: The ROPE method is more and more relevant (research, objective, plan, execute) #measurepr   |
| 4:34 pm | KateRobins:     | @shonali What and why #measurePr  |
| 4:35 pm | shonali:        | @priteshpatel9 Great to see you, I was hoping you'd be here! #measurePR   |
| 4:35 pm | rajean:         | Refreshing discussion #measurePR! Need 2 jump off 4 mtg, nice 2 meet all, hope 2 make this a habit! Thx @shonali Look 4ward 2 transcript                              |
| 4:35 pm | KateRobins:     | @RebeccaDenison So need to build in what's-in-it-for-them or it's a beta ex on their time. (Last place I worked concluded that.) #measurepr                           |
| 4:36 pm | CommAMMO:       | @alanchumley I like the 7 C's, would caution that we still must link to outcomes (commerce, yes, but others too) #measurepr   |
| 4:36 pm | bonnieupright:  | @KateRobins Looking for more on the immediacy of shifting strategies? I have<br>one doc that addresses it a little. Can share. #measurepr                             |

| 4:46 pm KateRobins: @CommAMMO They are. Absolutely. 360 scope's critical. #measurepr   | 4:46 pm | KateRobins:     | @CommAMMO They are. Absolutely. 360 scope's critical. #measurepr   |

| 4:46 pm | khirek:          | RT @CommAMMO: #measurePR outcomes: Reputation, employee   |
|---------|------------------|---|
|         |                  | commitment/advocacy, willingness to recommend, brand disposition, comm'y relations  |
| 4:46 pm | ericabuteau:     | @balemar Pre and post effort awareness surveys #measurePR   |
| 4:46 pm | walkercomms:     | Marketing does it all the time!RT @balemar: How do you take an objective like brand awareness and make it measurable? #measurePR                      |
| 4:47 pm | CommAMMO:        | @balemar Is the org doing cust research? Here's how I added PR metrics to brand research. http://bit.ly/bgCz8h #measurepr                             |
| 4:47 pm | priteshpatel9:   | @JNoncek - conduct regular surveys. Ask your audience if they have heard of your brand and what they think of ur brand. #measurepr                    |
| 4:47 pm | AnnHastings:     | So true! RT @shonali:ask yourself when starting out to #measurePR is, "what am I going to do with this data? How will it help the business?"          |
| 4:48 pm | shonali:         | We're all in violent agreement (as @kdpaine would say)! @priteshpatel9<br>@commAMMO @ericabuteau Awarness measures <- surveys. #measurePR             |
| 4:49 pm | shonali:         | Nice. RT @CommAMMO: @balemar Is the org doing cust research? Heres how I added PR metrics to brand research. http://bit.ly/bgCz8h #measurePR          |
| 4:50 pm | SuzieLin:        | Great chat going on here. Sorry I have to drop out but looking forward to joining this again. #measurepr  |
| 4:50 pm | balemar:         | Thank you! RT @shonali: We're all in violent agreement @priteshpatel9<br>@commAMMO @ericabuteau Awarness measures <- surveys #measurePR               |
| 4:50 pm | ericabuteau:     | RT @shonali: We're all in violent agreement @kdpaine @priteshpatel9<br>@commAMMO @ericabuteau Awareness measures <- surveys. #measurePR               |
| 4:50 pm | balemar:         | @alanchumley Thank you for the advice! #measurePR   |
| 4:50 pm | khirek:          | RT @shonali @priteshpatel9 @commAMMO @ericabuteau Awareness measures <- surveys. #measurePR   |
| 4:50 pm | theelusivefish:  | @balemar As SM becomes a more pervasive part of life, scans of mentions can give indication of brand awareness in add to survey #measurePR            |
| 4:50 pm | CommAMMO:        | Let's be sure what we're measuring-awareness isn't outcome. We can look at correls betw it and outcomes. purch intent is closer #measurepr            |
| 4:51 pm | getthemessagepr: | RT @alanchumley: #measurePR measure the 7 C's: counting, content, connections, community, conversations, conversationships, commerce (where possible) |
| 4:52 pm | Jenniferwah:     | RT @walkercomms: Was RACE then RPIE now ROPE. RT @CommAMMO:<br>ROPE method is more relevant (research, objective, plan, execute) #measurepr           |
| 4:52 pm | alanchumley:     | #measurePR beware of and understand the difference 'tween the correlation (proxy) vs. causality (proof)   |
| 4:52 pm | PRVille:         | RT @CommAMMO: @balemar Is the org doing cust research? Here's how I added PR metrics to brand research. http://bit.ly/bgCz8h #measurepr               |
| 4:53 pm | bonnieupright:   | Great reminder. RT @alanchumley: #measurePR beware of and understand the difference 'tween the correlation (proxy) vs. causality (proof)              |
| 4:53 pm | CommAMMO:        | @theelusivefish But that's more anecdotal, which can cause grief int he c-suite. gd for quick view though. #measurepr                                 |
| 4:53 pm | CommAMMO:        | RT @alanchumley: #measurePR beware of and understand the difference tween the correlation (proxy) vs. causality (proof) #measurepr                    |
| 4:55 pm | CommAMMO:        | @bonnieupright @alanchumley Proof is nice if you can get it - but don't quit<br>measuring if not. can b too \$ to get proof #measurepr                |
| 4:55 pm | shonali:         | Re: SM mentions->awareness, yes and no: if your target audience isn't paying attention, does it matter? Thoughts? #measurePR                          |
| 4:55 pm | JNoncek:         | Yes, surveys to measure brand awareness. How can you measure one's SM influence? (Potential spokesperson for example) #measurepr #measurepr           |
| 4:56 pm | shonali:         | @SuzieLin Great to see you, come back next time! #measurePR   |

| 4:56 pm | CommAMMO:       | Anyone still searching #iprrc2010, this is a great bi-weekly chat. Don't miss it.<br>#measurepr   |
|---------|-----------------|---|
| 4:56 pm | shonali:        | Just 4 minutes left for this week's chat. Did you enjoy the "community" chat element? Please let me know for future planning. #measurePR    |
| 4:57 pm | shonali:        | The next chat will be on 3/30, 12-1 pm EDT, so mark your calendars & spread the word! #measurePR  |
| 4:57 pm | CommAMMO:       | RT @KateRobins: @KateRobins Used to be visible to naked eye: protests, stock, pickup, sales, legislation. Minutias come to term. #measurepr |
| 4:58 pm | balemar:        | Really enjoyed it-easy to engage. RT @shonali: Did you enjoy the "community" chat element? Please let me know #measurePR                    |
| 4:58 pm | balemar:        | RT @shonali: The next chat will be on 3/30, 12-1 pm EDT, so mark your calendars & spread the word! #measurePR                               |
| 4:58 pm | alanchumley:    | @shonali Did you enjoy the "community" chat element? Please let me know for future planning. #measurePR Brilliant idea. Love it.            |
| 4:58 pm | KateRobins:     | @shonali If SM brings more into the fold/target audience, nice , even valuable lesson learned. If not, not best use of time. #measurePR     |
| 4:58 pm | robinhlane:     | Thanks Shonali and everyone, great chat! #measurePR   |
| 4:58 pm | ericabuteau:    | @shonali Re: SM mentions->awareness, if target audience isn't paying attention, you've wasted efforts. Get engaged! #measurePR              |
| 4:58 pm | walkercomms:    | Lots of interesting points made with plenty to consider; will follow up; already looking forward to next chat #measurePR                    |
| 4:58 pm | ericabuteau:    | RT @shonali: The next chat will be on 3/30, 12-1 pm EDT, so mark your calendars & spread the word! #measurePR                               |
| 4:59 pm | bonnieupright:  | Thanks Shonali! Can't wait to see you in May here in Jacksonville! So much to learn! #measurepr   |
